

a little bit of magic...

Why
righttrack
is the
right choice

We're not about smoke and mirrors... but we do provide a certain magic

Righttrack Consultancy is one of the UK's top learning and development specialists.

We're about knowledge and skills that can only be achieved through over 20 years of experience. We're about helping you through innovative, creative and quality training solutions in ways that no-one else can.

Our clients are in the private and public sector, in the UK and abroad. They span from SMEs to global businesses and include BP Pensions, Community Housing Group, English National Ballet, Gucci, Gulf Bank, Henley College, IKEA, Kuwait Petroleum Corporation, Make-a-Wish Foundation and Mercedes Benz.

We're not on Savile Row... but we are made to measure

We're not about off-the-shelf courses and services. We are about having a detailed discussion and then tailoring what's right for you and only you.

We engage. We challenge. We re-energise. And we leave people feeling inspired. It's all about adding the Righttrack magic.

Our learning and development projects will make a real difference to your organisation:

- Management and leadership
- Sales
- Customer service
- Equality and diversity
- Business skills
- Train the trainer – Righttrack Academy for Trainers
- Environmental consultancy
- Training consultancy
- HR and OD consultancy

We can help through 360° questionnaires, psychometric tests, management and executive coaching, full programme administration including participant bookings, post-programme membership. Choose from one-off services or complete end-to-end design and delivery.

We're not flash in the pan... but we do sizzle

At Righttrack we are more than consultants, facilitators or trainers: we're enablers. We will inspire your people and help them achieve their potential. We will make learning come alive.

Our specialists are among the best in the business, which is why clients come back to us time and time again.

We are an ISO 9001 certified provider, so our products and services have to be better than best. We're also partnered with top industry bodies: the Institute of Leadership and Management (ILM) and the Institute of Chartered Accountants in England and Wales (ICAEW).

Because we aim to be environmentally responsible, we've set up Righttrack Environmental CIC. Services include a unique Environmental Awareness in Business programme, accredited by IEMA. We are also ISO 14001 certified.

We're not here for the ride... but we are with you for the journey

Learning is a journey, not a one-off. Unlike some companies, we don't just pack up and go at the end of the project - we will continue to actively support you as long as you need it.

Righttrack programme participants automatically receive complimentary Righttrack membership which includes free, rapid-response support from the project specialist by phone or email.

The members' website gives access to downloadable literature and monthly ideas from our specialists. Over 3,000 Righttrack members currently benefit from this service.

Don't just take our word for it...

"From the outset Righttrack worked with us in real partnership: they got to understand us as a business and the challenges we faced, and delivered a training package that moved us forward in leaps and bounds"

Colin Sobota, Head of Learning and Development, The Forestry Commission

"For over 10 years, Mainline Digital Communications Limited has used Righttrack to deliver various training throughout the business. We like the fact that Righttrack gets to know and understand our business, culture, environment and industry and then tailors training programmes that take full account of these. Training, delivered in this way, becomes much more meaningful to our teams, and is always appreciated."

Veda E Hyman, Human Resources Manager, Mainline Digital Communications Ltd

"Righttrack has always provided us with quality training packages, tailored to suit our requirements. Our long association has enabled their trainers to really get to know us and deliver just what we need."

Steve Nelson, Seafreight Director, Allport Ltd

"Over the last 20 years I have used Righttrack on many occasions when a training need has been identified. They are extremely adaptable covering all levels of business from shop floor supervisors to director development programmes, and before embarking on any programme, they go out of their way to understand the business and the specific training requirements and always customise the training to suit the business and individual needs and requirements, and not using standard packages that come from most training providers. I would have no hesitation in recommending Righttrack to any business associates and colleagues for their training and consultancy needs."

Nigel Poyner, Managing Director, M&M Timber

"I can't believe how lucky ARK and I are in having found Righttrack. From the start they have been fantastic, they are a joy and a pleasure to work with. I can't imagine not working with them, they feel like part of ARK already! I look forward to building on and developing the relationship we have with Righttrack."

Fiona Katz, HR Director, Ark Housing Association Limited
